At the Pregnancy Care Center, we desire to minister God's love to the mother, the father, the baby, and the extended family. Just as God loves each person no matter their age, race, past mistakes, or current situation, the Pregnancy Care Center staff and volunteers seek to show God's love. We show love to the unwed pregnant teen, the woman hurting from a past abortion, the family in need of diapers, the man who longs to be a good daddy to his newborn, and many others.

The Pregnancy Care Center offers assistance by providing free pregnancy tests, parenting and relationship education, material assistance, post-abortion peer counseling, Bible studies, and much more.

The free services we provide include:

- Self-Administered Pregnancy Testing
- Life-Affirming Pregnancy Options Mentoring
- Mother/Child Food & Clothing Program
- Healthy Baby & Parenting Education
- Community Referrals: Ultrasounds, Adoption, Medical & Legal
- Sexual Integrity Education
- Post-Abortion Counseling & Education
